Fans of independent horror will know the name Dante Tomaselli. He is the writer and director of films such as *Desecration*, *Satan's Playground*, *Torture Chamber*, and *Horror*. What you may not realize is that he's also the composer of his films and has released three albums independently. Well, it's now four albums as Tomaselli has recently released a new album called *Witches*. If you're a fan of the music of John Carpenter, Akira Yamaoka, and Lustmord, I have a feeling this will be right up your alley.

You can pick up *Witches* via [Amazon](#), [iTunes](#), or stream it on [Spotify](#).
